SUBMIT YOUR ABSTRACT

2021 UAMS Centers for Simulation Research Day Abstract Submission

5. The Overview tab will give you specific instructions on what your abstract should include.

	Abstract Submis
Overview 2 Title 3 Authors 4 Content 5 Stammary	
Submission Overview	
The following screens require a title; one or more authors, and then three sections – Course Abstract text, Instructor Qualifications and Literature References.	
For authors and contributing authors, all of the following are required; • First name • Last name • Degree • Organization • Email	
You will not be able to save your abstract without specifying this information for each author. Once you enter this information, you will have the opportunity to review and finish. You can go back and edit your abstract as	
often as you like, until the date when submissions are closed. Click Continue at the bottom of the screen to begin. Your abstract will not save until the process is complete.	
Once you have submitted your abstract, you will receive an email link to submit the financial disclosure form. Non- commercial product names must be used where ever possible. All off-labed or non-FDA approved uses must be disclosed. Failure to comply with the abstract submission requirements may result in automatic withdrawal of the abstract for consideration by the program committee and possible suspension from future meeting presentations.	
Continue	

6. Next, please specify your Abstract Title and category. You may choose from a podium presentation, poster presentation, or no preference.
